

MONOGRAM DISPLAY SOLUTIONS

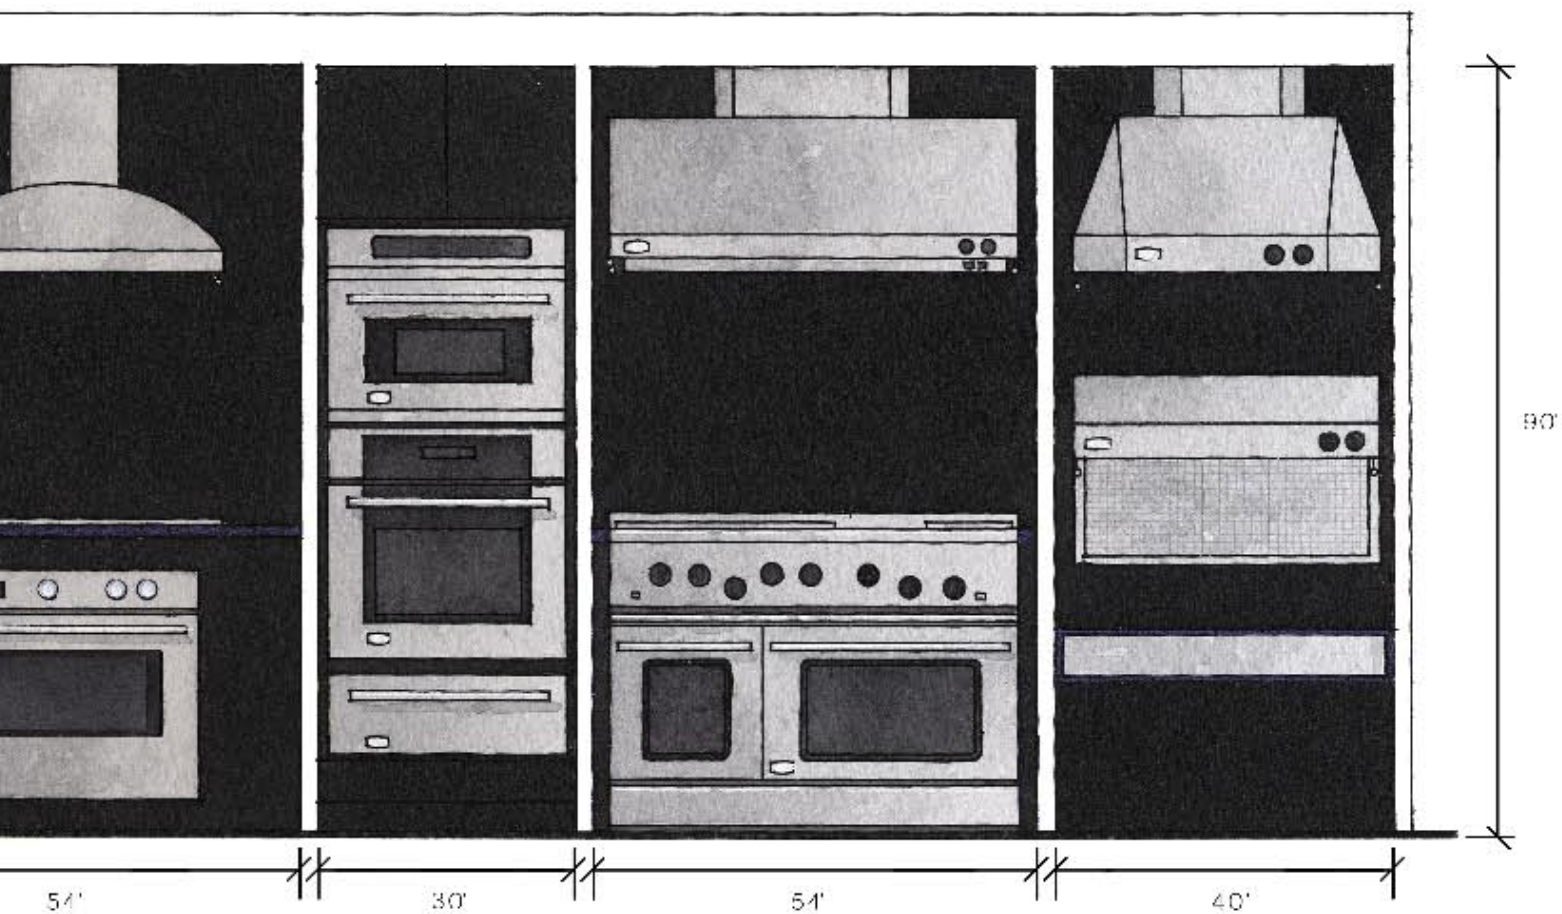

Free-Standing Displays

Another option for showcasing Monogram® appliances is to use free-standing displays. Modular, flexible and versatile, these displays work well on their own, but can also be combined for maximum impact. The diagram below illustrates how they can be grouped together to form one large, dramatic kitchen center.

These displays can be purchased from our trade show specialist Deckel & Moneypenny, Inc. in Louisville, Kentucky. To receive a complimentary quote, contact Bruce Deckel at 888.501.7469 or by email at bdeckel@deckelmoneypenny.com. Displays can also be easily constructed by your local cabinetmaker using the appliance cutout dimensions available on monogram.com.

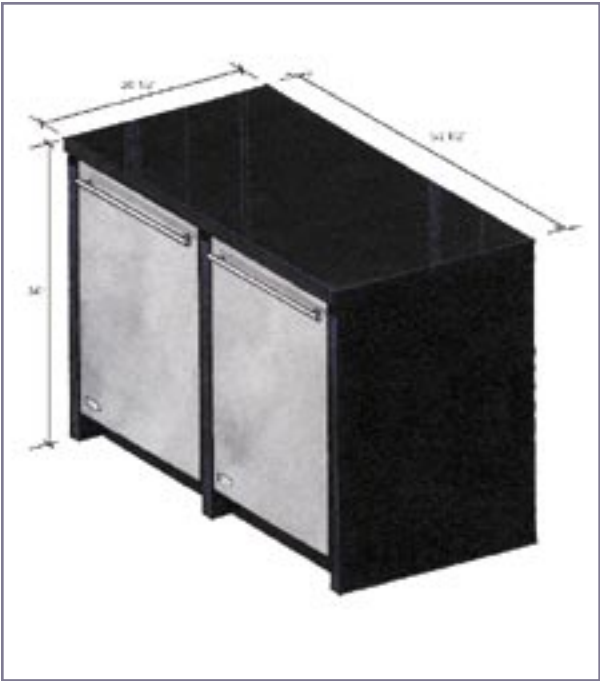

Monogram recommends displaying refrigerator models ZFSB26DNSF or ZFSB23DNSF.

If displaying a built-in Monogram® refrigerator, please refer to the appropriate installation instructions to avoid tipping.

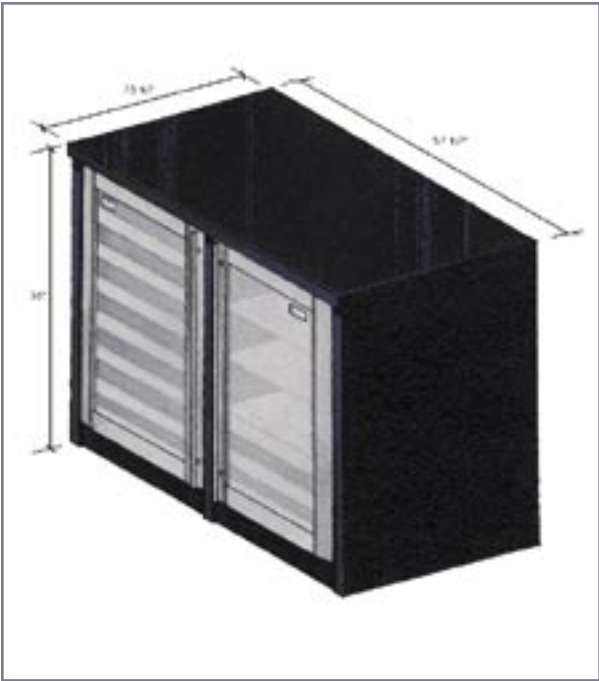

Display A

ITEM	MODEL NUMBER	FINISH
Fully Integrated Dishwasher	ZBD7100GSS	Stainless Steel
Fully Integrated Chef's Washer	ZBD7105GSS	Stainless Steel

Monogram recommends using the above models for display.
