KW Rating	
240V	10.8
208V	8.1

Optional Kits (Available at additional cost)

JXS28—Rear Filler Strip Kit
JXS31—White Accessory Backguard
JXS32—Brushed-Chrome Accessory Backguard
JXS34—Black Accessory Backguard
JXS35—Bisque Accessory Backguard
JXS40—Endcap kit to accommodate replacement where countertop may already be notched.
JXS52BB—Lower Trim Kit (Black)
JXS53WW—Lower Trim Kit (White)
JXS55CC—Lower Trim Kit (Bisque)

Note: All 30" Slide-In Ranges conform to U.L. requirements for 0" spacing from range to adjacent walls below countertop. To reduce possibility of scorching of the side wall adjacent to the heating elements, it is recommended a minimum of 6" spacing from adjacent side walls be allowed for possible extended, high-heat, no-load operation of heating elements.

Receptacle Location: For all 30" Slide-In Ranges, locally approved flexible service cord or conduit must be used because terminals are not accessible after range installation. See shaded area in drawing for location of electrical outlet box. Recommended outlet locations allow range to be installed directly against rear wall.

Note: Cabinets installed adjacent to slide-in ranges must have an adhesion spec of at least 194°.

Installation Information: Before installing, consult installation instructions packed with product for current dimensional data.
