and a unique

sculptured handle make

the Advantium a

stunning addition to

any kitchen. It's

the perfect second oven.

Speed performance

Imagine the luxury of preparing a salmon steak in less time than it takes to set the table. Or the convenience of baking potatoes in four minutes with the press of a button. This is the extraordinary capability of Advantium Speedcook technology.

Oven-quality food

Advantium ovens cook amazingly fast, with great-tasting results. Foods not only cook faster with light, but they also retain their natural juices, moisture and flavor.

Versatility

Advantium ovens let you prepare meals you never dreamed of cooking during the week.

These ovens bake, broil, brown, roast and grill, with no preheating.

And for added time savings, they convert to microwave ovens.

Installation flexibility

The Advantium wall oven can be installed by itself, over a traditional wall oven or over a warming drawer. The Advantium above-the-cooktop ovens can be conveniently located over a counter, range or cooktop.

Great-tasting food up to eight times faster!*

Providing the technology you need when time is of the essence, the Advantium oven proves that faster is better.

The Advantium oven harnesses the energy of light to deliver great-tasting food in mere minutes. Its revolutionary Speedcook technology bakes, broils, browns, roasts and even grills food, with no preheating. They're the ideal second oven!

Between meals, it provides a striking and stylish look.

Dramatic curves and clean lines make a bold statement, and the sculptured handle enhances the oven's overall appearance.
