**Note:** Add 9/16" for water hook-up. Hook-up fits in 5/8" back air clearance when calculating installation depth.

If installed against a wall, allow clearance of 14-3/16" on freezer side to remove ice bin.

To remove fresh food pans, remove door bins.

Clearance required to remove fresh food full-size pan without disassembling: 18-15/16".

Allow additional space for any necessary leveling adjustments.

**Note:** If the doors cannot be fully opened because of an obstruction or a wall on either side, a door stop should be provided to prevent door or wall damage. If the doors cannot be opened at least 90 degrees, access to the drawers is limited.

Total volume and shelf area are calculated by the Association of Home Appliance Manufacturers' standards.
