

ADA-compliant dishwashers

Contract Sales

New product introduction — April 2006

GE® ADA-compliant dishwashers

GE® ADA-compliant dishwashers quick pitch

ADA-compliant design

GE offers a dishwasher with the capacity, flexibility and reliability in a size suitable for the lower counters required by the Americans with Disabilities Act. GE is the only American-branded leading manufacturer to offer an ADA-compliant dishwasher.

Handsome appearance

It's an attractive choice inside and out. The interior is bright stainless steel to resist stains and corrosion. Outside is the same sleek control panel as found on the exterior of GE tall-tub dishwashers.

Excellent flexibility

Loading is easy with the deluxe lower rack and super upper rack. On top are flip-down utility shelves for extra space and the StemSafe™ feature to securely hold stemware.

Quiet operation

An extra blanket of insulation keeps wash sounds inside the dishwasher, where they belong.

ADA-compliant dishwashers:

GLDA696MSS-Stainless steel
 GLDA690MWW-White on white
 GLDA690MBB-Black on black

Available July 2006

GE® reliable service

You can rely on an ADA-compliant dishwasher that's backed by the dependability of GE.

Stainless steel interior

Choose the luster and resilience of an annealed, stainless steel interior in a dishwasher that can fit under a 34" countertop.

Height flexibility

While this dishwasher meets the guidelines of the ADA by fitting under a 34" countertop, height adjustable legs allow this unit to fit under a standard 36" countertop height with ease.

6-level towerless wash system

The towerless six-level wash system provides extra performance, getting dishes clean without prerinsing.

Color choices

Designed to fit virtually any décor, the dishwasher is available in stainless steel, white-on-white or black-on-black exterior.

Features include:

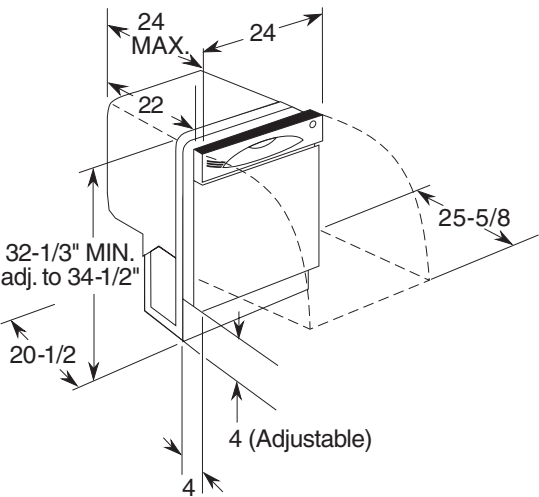

- Super nylon upper rack and deluxe nylon lower rack
- 2-digit countdown display
- Pots and Pans cycle
- 2/4/8-hour Delay Start
- HotStart™ option
- Three-piece silverware basket
- Utility shelf in upper rack
- StemSafe™ in upper rack
