SOLUTIONS

Haier

Ductless Mini-Splits from the **#1** Major appliance brand in the world.*

Haier ductless mini split systems offer a completely comfortable heating and cooling experience. Easy to install, own and love, our flexible systems are energy efficient, maintain consistent room temperatures, and help to control your home's indoor air quality, perfectly. You also have the peace of mind from knowing that all this comfort is backed by one of the best warranties in the industry — and by the experts at GE Appliances Air & Water Solutions.

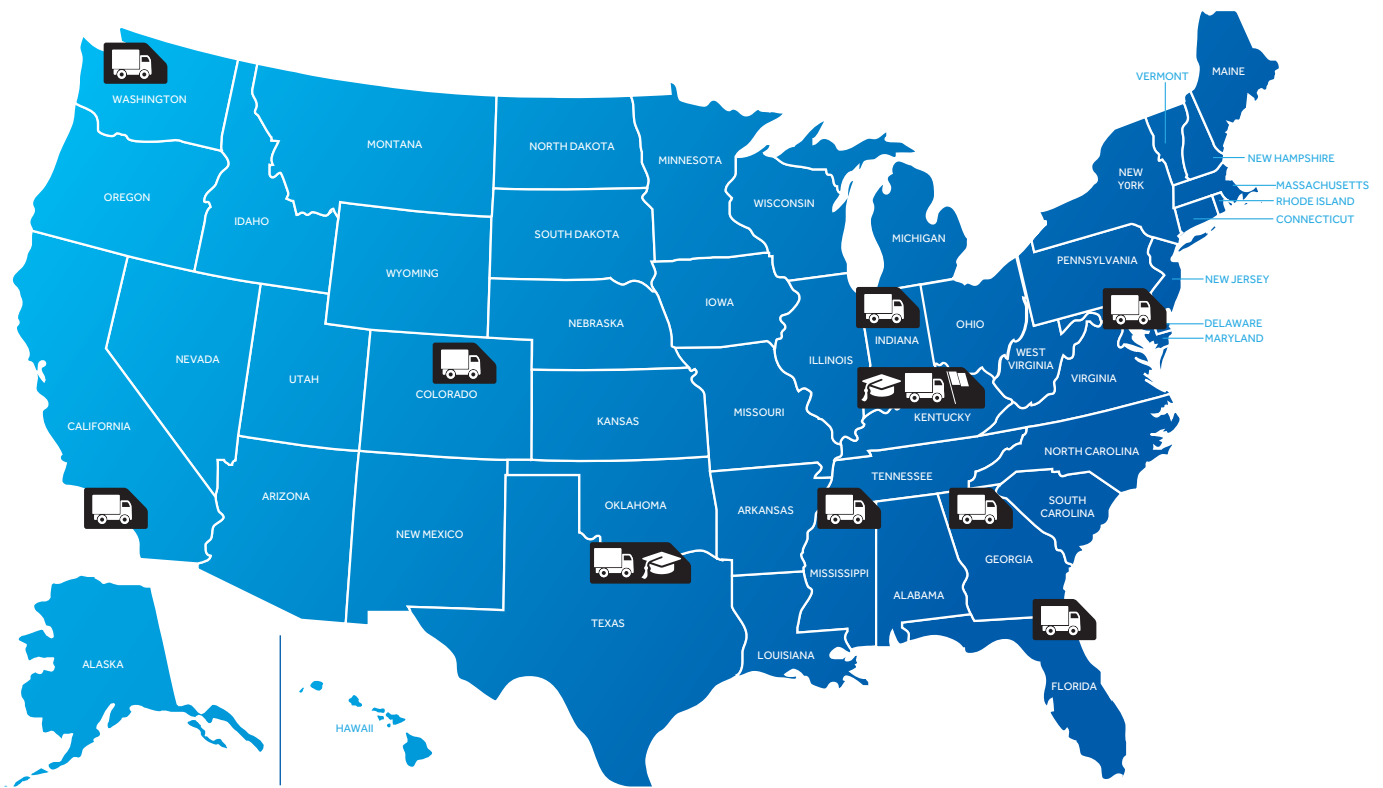

*Euromonitor 2021. Major appliance category does not include ductless mini-splits.

Easy to Install. Easy to Service. Easy to Own.

Haier is committed to comfort made easy. By providing the best end-user experience through innovative product technology, and with a business model proven to grow larger profits for our North American Haier distributor & installer/ servicer partners, Haier is dedicated to being recognized as the North American leader in the HVAC industry.

North American Presence

Headquartered in Louisville, Kentucky, Haier is committed to the success of our North American partnerships with multiple distribution centers and training centers throughout the United States.

Easy to Install

Features Installers Love:

- Factory pre-programmed system testing helps ensure high quality installation
- Stand-off cabinet hinge and quick-mount wall bracket ensure a one-person installation
- Color-coded packaging confirms the right equipment is on the job

Mounting Template

Printed cardboard mounting template is convenient for single-person installation.

Mounting plate with dimensions

Get the centerline of the line set and drain opening in the right location, each time and every time.

Extended kickstand

Stand-off hinge allows more hand space for line set and drain connections, service, and maintenance.

Easy access control board

PCB pops out for quick component and wiring checks, without removing the casing!

Easy access fan motor

Simplifies maintenance or removal without disassembling the evaporator.

Detachable bottom cover

Easy contractor access for connecting advanced diagnostic service tools.

SmartHQ service allows you to communicate directly with ductless systems for real-time diagnosis so you can quickly isolate and test components!

Revolutionize the way you diagnose Haier ductless systems

Communicate digitally with ductless systems for real-time diagnosis

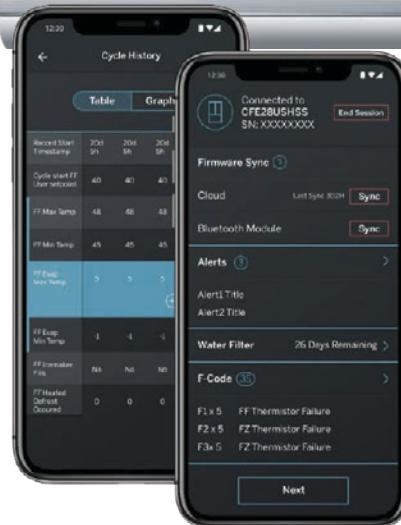

Identify root cause of issues quickly and effectively

Extend the life of ductless systems through proactive maintenance

BENEFITS

- ✓ Increase efficiency
- ✓ Reduce cost
- ✓ Increase first time completes
- ✓ Avoid unnecessary repairs

Download from the App Store or Google Play.

SmartHQ Service Module (separate purchase) required. SmartHQ connectivity varies by model. See SmartHQ Compatibility for model compatibility specifications.

Easy to Own

The most advanced smart appliances and service company designed to make our owners' lives easier, provide peace of mind and enhance performance.

CONVENIENCE

With SmartHQ, we make your customer's lives easier by simplifying everyday activities and chores, and by helping them stay in control no matter where they are — like allowing them to start their highwall unit on the way home.

PERFORMANCE

Our ductless systems evolve with changing needs — accepting over-the-air (OTA) updates that can improve performance, add new features, or fix potential issues.

VOICE CONTROL

Simply connect one or more Haier smart ductless systems to WiFi for hands-free temperature control.

The SmartHQ App effortlessly connects to the air conditioner to intelligently control the living space comfort settings.

All connected appliance data is held in strict accordance with the Haier Appliances Connected Data Privacy Policy.

SmartHQ connectivity varies by model. See SmartHQ Compatibility for model compatibility specifications.

GETTING STARTED

To connect to the indoor unit, the SMART HQ App is required. The app will walk the user through the connection process.

Download from the App Store or Google Play.

Single Zone

Tempo

*5-zone FlexFit Multi Series capable of low ambient heating down to -15°F

Your customers turn to you for great results, so offer them the performance and support you can only get from Haier!

Limited Warranty

At Haier we take pride in our workmanship, which is why we offer one of the best warranties in the industry. Standard coverage is a 5-year limited warranty on the compressor and a 5-year limited warranty on parts. Our Tempo, Advanced, Advanced Plus, Arctic and all FlexFit Series systems qualify for a 10-year limited warranty on both the compressor and parts. Equipment must be registered for this extended coverage within 60 days of installation. To register your equipment go to:
www.haierappliances.com/support/register-ductless

Training

We're with you every step of the way, from theory to application. Through the Haier HVAC Training Center, we teach distributors and contractors everything from service to installation to sales. For those who prefer to learn in the field, our Regional Training Program matches professionals with experienced trainers.

Support

You can always rely on Haier to guide you through warranty processing, parts ordering, product installation, technical documentation and more.
