

# Dishwashers

## Dishwasher Features

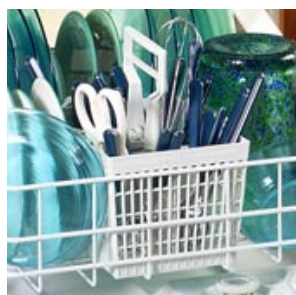

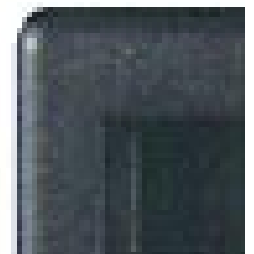

Cleaning dishes is just the beginning. RCA designs dishwashers to run not only as quietly as possible, but efficiently as well. It's this performance and dependability that you have come to expect from RCA. That's why

RCA leaves nothing out in designing the latest features in its dishwashers. The newly redesigned **Power Wash II System** has three-level wash action with

powerful jet action for effective food soil removal and great wash performance. The **Super Upper Rack** accommodates tall glasses; the lower rack holds large plates or broiler pans. The **Self-Cleaning Filter** allows water to recirculate through a filtering system; food particles are washed away as water drains and filter cleans itself.

The **Delay Start Option** allows you to set the dishwasher to start as much as 6-hours later. The **Pots & Pans Cycle** is ideal, removing dried-on, baked-on (but not burned-on) foods from pots, pans and dishes. RCA dishwashers are built

for long-life durability and are sound-controlled through a polypropylene interior. The **Super Silverware Basket** is a heavy-duty lift-out basket with a hinged cover which holds

lightweight items in place during washing. **Sound Insulation** over tub, inside access panels and motor compartment, effectively muffles water noise

from pump and motor.

## RCA Dishwashers

### PSD3430ZWW

6 cycles/19 options  
 New Power Wash II system  
 Pots & pans cycle  
 Normal wash cycle  
 Water saver cycle  
 Light wash cycle  
 Rinse & Hold cycle  
 Plate warmer cycle  
 Energy saver cycle  
 6-hour delay start option  
 Heated dry on/off  
 Hi-temp wash option  
 Super upper rack  
 Deluxe flat lower rack  
 Super silverware basket

Also available in  
 black on black as model  
 PSD3420ZBB.

## \*\*Warranty Information:

**Full One-Year Warranty\*** guarantees parts and labor to repair any part of the dishwasher that fails due to a manufacturing defect within one year from the date of purchase.

**Full Ten-Year Warranty\*** guarantees the polypropylene tub and door liner against leakage from cracking, peeling or rusting for ten years after date of purchase or the liner will be replaced without charge for parts and labor.

\*See written warranty for full details.

Before purchasing any appliance on which the Federal Trade Commission requires an energy label, read important energy cost and efficiency information available from your retailer.

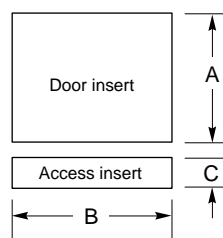

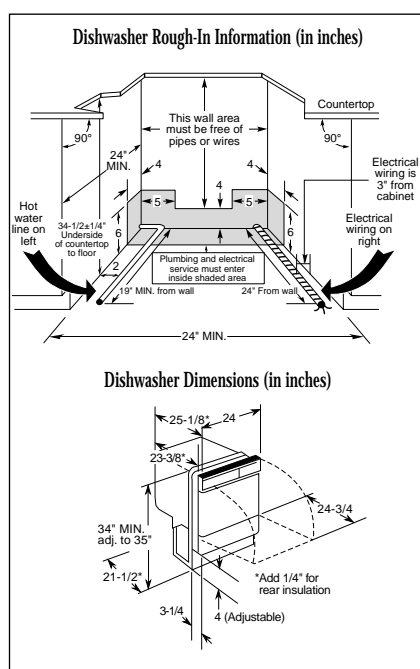

Listed by  
Underwriters  
Laboratories

**Specifications and Electrical Rating:**  
120 Volts AC, 60 Hertz,  
8.6 Amps total connected load  
500 Watt Calrod® heater.  
For use on adequately wired  
120 volt, 15 amp circuit  
having two-wire service  
with a separate ground wire.  
This appliance must be  
grounded for safe operation.

Dishwasher must not be  
installed more than 10 feet  
from sink for proper drainage.  
All plumbing and electrical  
work must be in accordance  
with local codes.  
Dishwasher includes drain  
hose and leveling legs.

Before installing,  
consult installation instructions  
packed with unit for current  
dimensional data.
