

Café™ 30" Slide-In Front Control Radiant and Convection Double Oven Range

CES750M2NS5

C A F É

FEATURES & BENEFITS

Seamless glass surface streamlines and simplifies cooking - A sleek look is yours with an edge-to-edge glass cooktop that provides a seamless, easy-to-clean surface with more usable cooking space for five course meals

The perfect match for pots and pans of all sizes - Tailor your burner size to your cookware with a 12"/9"/6" element with Power Boil

Create dinners and desserts at the exact same time - From everyday gourmet meals to large dinner parties, achieve impressive results with two independent ovens with a total capacity of 6.6 cu. ft. for true cooking flexibility, along with the accurate heat circulation of True European Convection with Precise Air in the lower oven

Prepare foods to perfect doneness - Get roasts and meats just right with a temperature probe that lets you monitor progress without opening the oven door

Command your cooking with a compelling display - Control every detail of every meal you cook with a brilliant digital temperature display and easy-to-use electronic touchpad.

Enjoy total control in the kitchen and beyond - Control your oven with your smart device or simply your voice using WiFi Connect

Allow your appliances to interact with one another - Create a chef-like experience with Chef Connect, which can synchronize your appliance clocks, surface lights and vent when a range burner is in use, and even your microwave and range clocks

Choose the range you want with total confidence - When you're updating your kitchen, attention to detail is a priority. That's why Café 30" slide-in ranges are guaranteed for an exact fit or Café Appliances will pay up to \$300 toward modifications.

KW Rating at 240V	15.5

WARRANTY

Parts Warranty	Limited 1-Year Entire Appliance
Labor Warranty	Limited 1-Year Entire Appliance
Warranty Notes	See Written Warranty for Full Details

DIMENSIONS

Receptacle Locations: Locally approved flexible service cord or conduit must be used because terminals are not accessible after range installation. See shaded area in drawing for location of electrical outlet box. Recommended outlet locations allow range to be installed directly against rear wall.

Note: This appliance has been approved for 0" spacing to adjacent surfaces above the cooktop. However, a 6" minimum spacing to surfaces less than 15" above the cooktop and adjacent cabinet is recommended to reduce exposure to steam, grease splatter and heat.

Installation Information: Before installing, consult installation instructions for current dimensional data and additional requirements.
