## PTS700RSN

GE Profile™ 30" Smart Built-In Convection Single Wall Oven

with Right-Hand Side-Swing Doors

#### **DIMENSIONS AND INSTALLATION INFORMATION (IN INCHES)**

**NOTE:** Wall coverings, countertops and cabinets surrounding the wall oven must be able to withstand a temperature of up to 200°F (94°C).

**NOTE:** If the cabinet in which the wall oven is installed does not have a solid bottom, two braces or runners must be installed to support the weight of the oven. The runners and braces must support up to 400 lbs (181 kg).

NOTE: Door handle protrudes 3" from door face. Cabinets and drawers on adjacent 45° and 90° walls should be placed to avoid interference with the handle.

**ATTENTION INSTALLER:** Electric wall ovens are NOT approved for installation with a plug and receptacle. They must be hard wired into an approved junction box.

**IMPORTANT:** Before installing, consult installation instructions packed with product for current dimensional data.

## GE Profile™ 30" Smart Built-In Convection Single Wall Oven with Right-Hand Side-Swing Doors

#### **DIMENSIONS AND INSTALLATION INFORMATION (IN INCHES)**

**NOTE:** 30" Single electric wall ovens are approved for installation below a countertop, and below certain gas and electric cooktops. Refer to the Approved Combinations Matrix available at geappliances.com for specific information.

**NOTE:** 30" Single electric wall ovens are approved for installation above 27" and 30" warming drawers.

**ATTENTION INSTALLER:** Electric wall ovens are NOT approved for installation with a plug and receptacle. They must be hard wired into an approved junction box.

**IMPORTANT:** Before installing, consult installation instructions packed with ALL products for current dimensional and combination data.

#### UNDERCOUNTER INSTALLATION

#### **INSTALLATION BELOW A COOKTOP**

#### IMPORTANT:

Maintain a minimum distance of 31 1/4" from the top surface of the countertop to the wall oven platform to ensure that the cooktop and wall oven do not interfere with each other (see picture).

### PTS700RSN

# GE Profile™ 30" Smart Built-In Convection Single Wall Oven with Right-Hand Side-Swing Doors

#### **FEATURES AND BENEFITS**

Swing Door - An innovative door design that opens to the side instead of down, eliminating awkward reaching.

Precision Cooking Modes' - Simplify the cooking process with precision cooking modes that automatically track progress, and make time and temperature adjustments.

No Preheat Air Fry - Integrated hot air frying technology gives you crispy results in your oven without using oil.

No Preheat - Eliminate the need for preheating and save time with a variety of precision cooking modes.

Built-In WiFi, Powered by SmartHQ App - Connect, control and manage your oven from anywhere with your smartphone or tablet.

GE Profile Connect + - Ensure your oven always has the latest features, like new Air Fry modes, with downloadable software updates.

Full-Color Display - Easily navigate wall oven settings thanks to a 7" touchscreen display.

True European Convection with Direct Air - This oven features True European Convection, an advanced convection system that uses a third heating element and reversing fan for the highest level of heat and air circulation.

Easy-Glide, Never-Scrub Rack - This smooth-gliding oven rack can be left in the oven during the self-clean cycle so you never have to scrub.

Temperature Probe - A precision temperature probe connects to the oven to ensure your food is properly cooked.

Self-Clean with Steam Clean - This self-cleaning oven uses optional steam cleaning for light soils to clean the oven cavity with less heat and odor.

Fit Guarantee - This oven will fit your existing cut-out, or GE Appliances will help pay for modifications up to \$300.

Model PTS700RSNSS - Stainless Steel

\*Available once connected to WiFi
