Hotpoint® PTAC with Electric Heat 30 amps, 230/208 Volt

FEATURE AND BENEFITS

- **14,500 / 14,300 cooling BTU**

- **10.3 / 10.4 EER**

- **R32 Refrigerant** – Environmental friendly, low GWP (Global Warming Potential)

- **3-Speed Fan** – Give guests control over their comfort with three fan speeds to choose from

- **4-Temperature Limiting Options** – Easily select one of four temperature ranges for peak efficiency and total customer comfort

- **Intuitive Display** – Allow guests to easily customize their preferred settings and reduce maintenance calls with an easy-to-use control panel

- **Power Cord (LCDI) Included** – Hotpoint PTACs come with everything needed for a quick and easy installation

- **Automatic Emergency Heat** – Keep guests comfortable with a heating option that uses electric resistance heat in heat pump mode

- **Freeze and Frost Protection** – Automatic freeze and indoor frost control keep units operating in peak condition

- **Auto Power Recovery** – In case of power failures, units automatically resume their operation when power restores, reducing maintenance calls

- **Self Diagnostics** – Quickly and easily identify service needs with a nine-point diagnostic code system

- **Backed by an Industry Leader** – With a long history of creating durable products at an affordable price, Hotpoint is your trusted PTAC brand
