GE Profile™ and GE® over-the-range ovens offer the ultimate in cooking style.

## GE Profile over-the-range ovens— dramatic new appearance, same great performance

- **Advantium® 120 Speedcook and Spacemaker® convection/microwave ovens** New!
  - Make a dramatic, kitchen-enhancing statement with bold curves and clean lines.
  - Offer unique design touches like sculptured handles and arced window frame.
  - Coordinate beautifully with other GE Profile cooking products.

- **GE Profile Spacemaker 2.0 oven (JVM2070)**
  - Offers a sleek, integrated appearance with a hidden, full-length vent.
  - Features an LCD-illuminated menu that vanishes when not in use, maintaining the overall clean look of the oven.
  - Also distinguished by a Profile sculptured handle and arced window frame.

## GE Spacemaker ovens— premium look for every homebuyer

- **All-new stainless steel appearance throughout the GE line** New!
  - JVM1440 with new control panel graphics and stainless-finish door and control panel.
  - JVM1650 with new control panel graphics and stainless-finish handle to complement stainless steel door and control panel.
  - JVM1850 with new control panel graphics, as well as stainless-finish door, handle and grille.

- **New GE appearance** New!
  - Includes models JVM2050, JVM1850, JVM1650 and JVM1440.
  - Feature stylish, new tubular handle and control-panel graphics.
  - Offer a sleek, modern design that complements any kitchen décor.

# Bold appearance—GE Profile Advantium® and Spacemaker®

Stainless steel design makes a bold statement in any kitchen.

## SCA1001SH

## Advantium 120— Four ovens in one...

### Speedcook

Enjoy steak in six minutes.

### Traditional Oven

Simply set time and go.

### Sensor Microwave

Reheat or defrost at the touch of a button.

### Warming

Keep prepared foods warm.

## Consumers love Advantium ovens!

- Approximately 80% of Advantium oven owners are either very satisfied or *extremely* satisfied with their oven.
- Owners indicated that they use their conventional oven less since buying an Advantium oven.
- Advantium oven buyers reported spending less time preparing meals since their purchase.
- Advantium ovens are used more than 3 times a day.
- Many owners cited preparing chicken, potatoes and steak more frequently now that they own an Advantium oven.

Source: Stevenson Company Survey, October 2002

# B

bold appearance. *Powerful technology.*  
Exceptional results.

GE Profile Advantium® and Spacemaker® convection ovens deliver oven-quality food, fast!

## Ultimate Advantium oven—up to eight times faster

- Delivers **oven-quality food up to eight times faster** than a conventional oven.
- Preprogrammed to cook more than **100 dishes**.
- **A perfect second oven**—bakes, broils, browns, roasts and even grills food, with no preheating.
- Converts to a full-featured microwave oven at the touch of a button.
- Available in **30" wall oven or over-the-range configuration** for greater installation flexibility.

## Advantium 120 oven—up to four times faster

- Delivers **oven-quality food up to four times faster** than a conventional oven.
- Four ovens in one!
  - **Speedcook oven**
  - **Traditional oven**
  - **Microwave oven**
  - **Warming oven**
- Installs easily over a counter, range or cooktop and **plugs into any standard 120-volt/15 amp power outlet**.
- Styled with a dramatic, **new appearance** that coordinates beautifully with other GE Profile™ appliances.

## GE Profile Spacemaker oven with convection/microwave cooking

- Combines convection and microwave technology to produce delicious results **up to 25% faster** than conventional ovens.
- Great for **baking, roasting, reheating and defrosting**.
- **Quick preheating** capability shortens the cooking process—oven heats up in minutes.
- Makes microwave cooking as easy as 1-2-3:
  - **Set temperature and time.**
  - **Press “Bake” or “Fast Bake.”**
  - **Press “Start.”**

# Feature gallery—*Advantium 120 and JVM1490.*

Oven quality food, fast!

## Advantium 120

### New appearance

Makes a dramatic, kitchen-enhancing statement with sculptured handle, arced viewing window and stainless vent grille.

### Four ovens in one

Combines the functions of four ovens in one for the ultimate in cooking versatility:

- Speedcook oven
- Traditional oven
- Microwave oven
- Warming oven

### Easy to use

Preprogrammed with more than 100 popular recipes for added speedcooking convenience. Simply turn the dial control to the desired recipe, and push to select.

**JVM1490**

**New appearance**

Makes a dramatic, kitchen-enhancing statement with sculptured handle, arced viewing window and stainless vent grille.

**Cooking options**

Offers three modes to suit a variety of cooking needs: combined convection/microwave (Fast Bake), traditional oven (Bake) and multi-level baking.

**Easy to use**

Makes oven programming simple with electronic touchpads, easy-turn dial and digital display. Simply select a cooking function, use the control dial to enter time and press "Start."

Spacemaker 2.1

# B

bold appearance. Powerful technology.  
*Exceptional results.*

GE Profile™ and GE Spacemaker® 2.0 microwave ovens—Reinventing the original.

## Innovative technology makes microwave cooking more convenient than ever.

- **Dual-distribution cooking system** features 1100 watts, a rotating turntable, along with a top and second side stirrer.
- **EasyGuide™ menu system** automatically guides users through each step of the selection process.
- **New convenience features** allow users to quickly **soften or melt** foods like butter, ice cream, chocolate and cheese.
- **1-lb. Quick Defrost** evenly defrosts meat, poultry or fish in a fraction of the usual time, without precooking or turning the food.

## Clean lines and bold curves offer a dramatic, kitchen-enhancing look.

- The surface is curved and beveled for a truly dramatic look, and the **hidden vent** offers added distinction.
- The LCD-illuminated menu vanishes when it's not in use, maintaining the overall clean appearance of the oven.
- Sculptured handle and arced window frame **coordinate with other GE Profile appliances** for an overall harmonious effect.

## The GE Profile and GE Spacemaker 2.0 offer the industry's largest usable capacity.\*

- The 14-1/4" recessed **turntable is the largest in the industry.\***
- Two oven racks make it possible to heat up to six dinner plates or three 9" x 13" casserole dishes at once, with consistent results.
- GE's exclusive cooking system delivers **exceptional reheating and defrosting** of food.

## Powerful venting system quickly clears the air.

- Offers three quiet speeds, plus a high-powered boost option.
- Exhausts air at a rate of 315 cubic feet per minute (CFM) to help keep the kitchen free of smoke, odors and fumes.

\*Among over-the-range microwave ovens.

# Feature gallery—JVM2070.

Reinventing the original.

## Bold appearance

Coordinates beautifully with other GE Profile™ appliances for an overall harmonious look.

## Hidden vent

Offers an integrated, streamlined appearance.

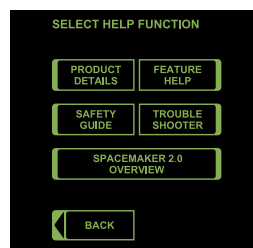

## Halogen cooktop lighting

Illuminates every inch of the cooking surface.

## Powerful, 315-CFM venting system

Offers three quiet speeds, plus a high-powered Boost option, so you can adjust ventilation levels according to your needs.

## Help function

Offers onscreen cooking and troubleshooting tips at the press of a button.

## EasyGuide™ menu system

Easy-to-use touchscreen system automatically leads you through each step of the cooking process.

**Melt**

A quick, easy way to melt foods like butter, caramel, chocolate and cheese.

**Soften**

Perfect for heavy foods like butter and cream cheese, as well as frozen ice cream.

**Dual-distribution cooking system**

Exclusive new system features 1100 watts of cooking power, a rotating turntable, along with a top and a second side stirrer for exceptionally even heating and defrosting of food.

**Industry's largest turntable\***

14-1/4" recessed glass turntable easily handles 5-quart casserole dishes and can be easily removed for cleaning.

**1-lb. Quick Defrost**

Evenly defrosts a pound of meat, poultry or fish in a fraction of the usual time, without precooking or turning the food.

**Industry's largest usable capacity\***

Two oven racks and turntable on/off function make room for up to six plates or three 9" x 13" casserole dishes.

\*Among over-the-range ovens

# Dare to compare—JVM2070.

GE Profile Spacemaker® 2.0 microwave ovens.

## Industry's largest useable capacity\*

- Two oven racks let you reheat up to six plates or three casserole dishes at once.
- 14-1/4" recessed turntable is large enough to handle 5-qt. casserole dishes.

\*Among over-the-range ovens.

## Competitors' capacity

### Competitive comparison

	Capacity	Turntable Size	Rack Positions
<b>GE Profile—JVM2070</b>	<b>2.0</b>	<b>14-1/4"</b>	<b>2</b>
Whirlpool—GH9185	1.8	12-3/4"	1
Sharp—R-1750	1.6	13"	1
Kenmore Elite—63689	2.0	No Turntable	1

The maximum in microwave cooking capacity.

## GE's dual-distribution cooking system

- Uses 1100 watts of cooking power, a turntable and two stirrers
- Top stirrer and a second side stirrer circulate microwaves throughout the oven for even heating and defrosting of food.

## Competitors' cooking system

### Competitive comparison

	Microwave Stirrers
<b>GE Profile—JVM2070</b>	<b>2</b>
Whirlpool—GH9185	1
Sharp—R-1750	1
Kenmore Elite—63689	1

The maximum in microwave cooking performance and flexibility.

# Dare to compare—JVM2070.

GE Profile Spacemaker® 2.0 microwave ovens.

## EasyGuide™ menu system

- Conveniently groups microwave functions into five simple categories:
  - Cook    –Reheat    –Defrost
  - Options    –Custom Settings
- Automatically guides you through each step of the cooking process.
- Gives you more cooking options and control, with less guesswork.
- Allows you to customize and save your own settings, such as “latte” or “soup,” for one-touch recall.

## Standard touchpad system

- Includes as many as 30 touchpads on the main control panel, making oven programming complicated and time-consuming.
- Does not have any interactive menus or prompts to help users with oven operation.

## Competitive comparison

	Interactive Touchscreen	Cooking Options
<b>GE Profile—JVM2070</b>	<b>Yes</b>	<b>92</b>
Whirlpool—GH9185	No	73
Sharp—R-1750	Yes	72
Kenmore Elite—6656	No	72

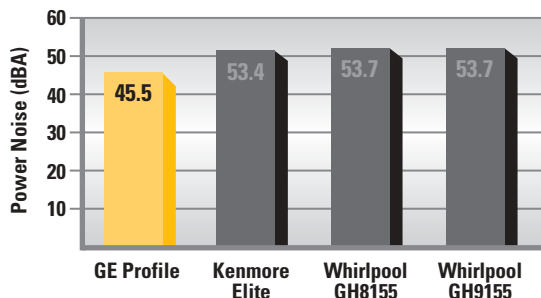

EasyGuide™ menu system offers the ultimate in user-friendly operation.

## 315-CFM venting plus boost

- Offers three quiet speeds, plus a high-powered boost option, so you can adjust ventilation levels according to your needs.

### Vent noise

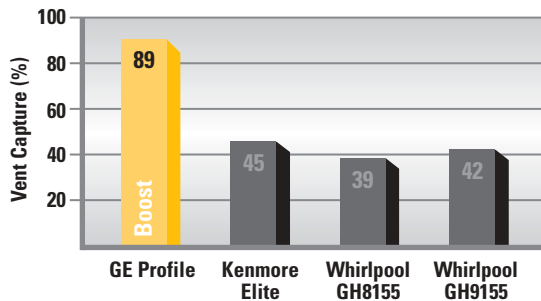

The GE 315-CFM venting system at “high” setting, compared to competitors’ systems at same setting.

- Exhausts air at a rate of 315-CFM to help keep the kitchen free of smoke, odors and fumes.
- GE offers enhanced venting on “boost” and captures almost 90%, a feature not offered on Whirlpool and Kenmore.

### Vent capture

The GE 315-CFM venting system at “boost” settings, compared to competitors’ “high” setting.

The GE Profile™ venting system offers a higher level of performance\* and lower level of sound.

\*Boost vent, compared to competitors’ high vent.

# Show and tell.

GE Profile Spacemaker® 2.0 microwave ovens.

## 2.0-cu. ft., two-rack interior with recessed turntable

**Show** your customers how the unique interior design increases cooking flexibility and room:

**Show** your customers the large 14-1/4" turntable:

- Point out the turntable is recessed into the floor of the oven to maximize usable oven space.
- Use the EasyGuide™ menu system to demonstrate how turntable rotation can be stopped to make room for large dishes.

**Show** your customers how the oven racks can be adjusted to meet their cooking needs:

- Demonstrate how the two oven racks make it possible to heat up to six dinner plates or three 9" x 13" casserole dishes at once.
- Remove the racks and point out that there's enough room for a 5-quart casserole dish or large chicken.

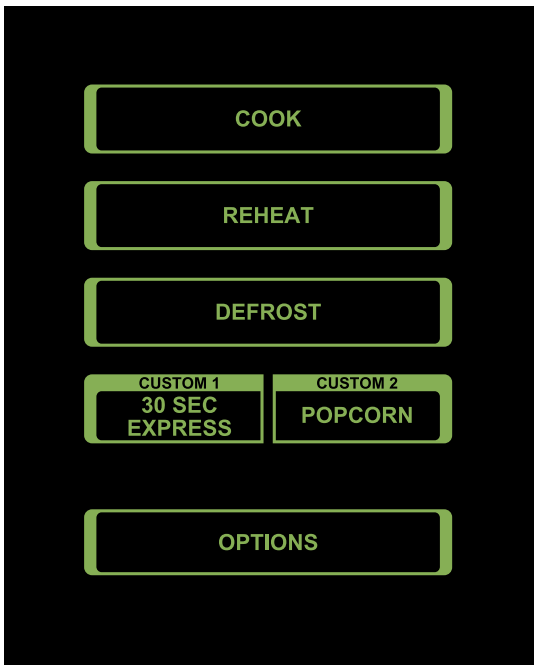

**Tell** your customers that the GE Profile and GE Spacemaker 2.0 microwave ovens offer the industry's largest usable capacity.\*

\*Among over-the-range ovens

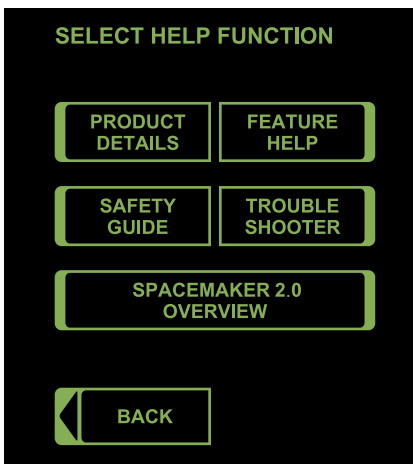

## EasyGuide™ menu system

Show your customers how the innovative touchscreen system increases their cooking options:

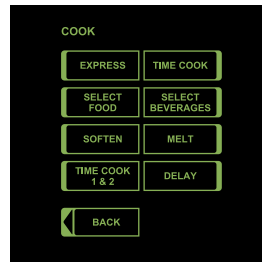

Home screen

### Help function

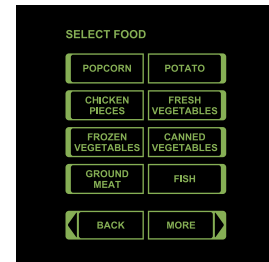

Demonstrate how you can use the “Help” function at any point in the cooking process for quick, useful tips.

## Five, easy cooking options

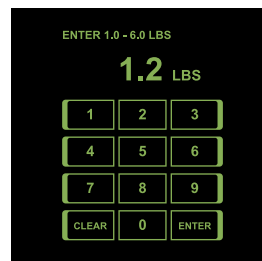

### 1. By function

Show your customers how they can cook, reheat and defrost at the touch of a pad. Point out that new “Soften” and “Melt” functions are available for foods like butter and chocolate.

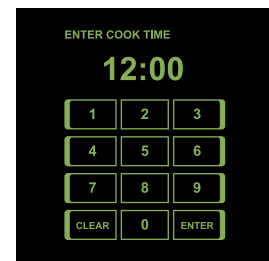

### 2. By food type

Ask your customers to name a food they frequently cook in the microwave and then find the matching pad on the menu screen.

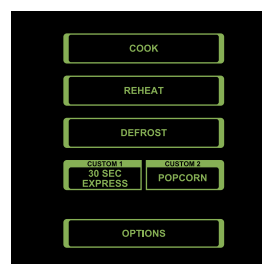

### 3. By weight

Touch “Cook” or “Defrost,” then the “By Weight” option. Enter a weight between one and six pounds by touching the appropriate number.

### 4. By time

Show your customers how they can bypass the preprogrammed settings and cook foods for a specified amount of time.

### 5. Custom options

Show your customers how they can enter and store settings for everyday items like coffee or popcorn for quick, one-touch recall.

Tell your customers how easy the system is to use. Remind them that all they have to do is touch a pad, any pad, select an option and press “Enter.”

# Show and tell.

GE Profile Advantium® and GE Spacemaker® 2.0 microwave ovens.

## Promote and sell pairs.

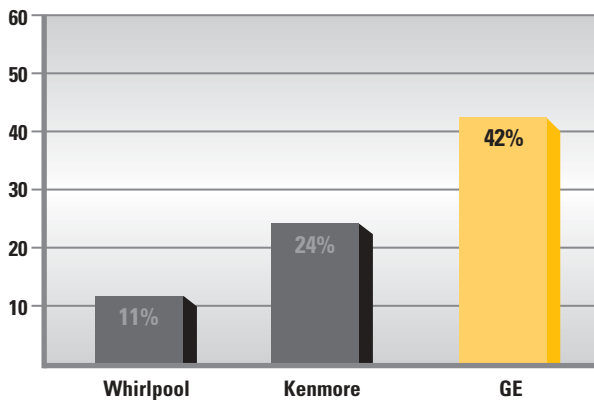

Present an Advantium or Spacemaker oven when you sell a range to:

■ **Optimize opportunity**—GE Profile™ and GE ranges and over-the-range ovens are sold in pairs more than any other brand. Almost 60 percent of buyers buy the same brand when there is a pair sale. Of those buyers, GE is by far the leading choice.

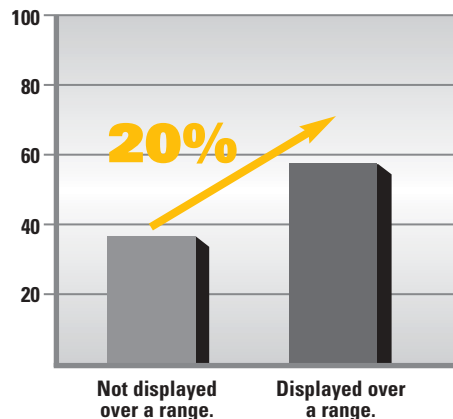

■ **Optimize profitability**—Over-the-range ovens displayed with a range increases over-the-range oven sales on average by 20 percent.

### Pair sales: GE vs. Competition

\*Source: TraQline 2002

### Sales growth opportunity

\*Source: TraQline 2002

## GE Profile one-day kitchen renovation.

The maximum in cooking performance and versatility.

### Out with the old, in with the new.

Now consumers can quickly and easily transform their kitchens by replacing their old freestanding range and hood with a GE Profile slide-in range and Spacemaker 2.0 microwave oven.

- Offers an **updated built-in look** without the inconvenience and expense of major renovation.
- Provides **tremendous cooking convenience** with a variety of high-performance features.
- **Saves space**, eliminating the need for a countertop microwave oven.

# Bold appearance. Powerful technology. Exceptional results.

## Dramatic new appearance, same great performance

GE Profile Advantium® 120 Speedcook and Spacemaker® convection/microwave ovens make a dramatic statement—both in appearance and performance.

- Bold, new design coordinates beautifully with other GE Profile cooking appliances.
- Advantium 120 oven delivers oven-quality food up to four times faster than a conventional oven.
- Spacemaker convection/microwave oven produces delicious results up to 25% faster than conventional ovens.

## Reinventing the original GE Profile Spacemaker® 2.0 oven (JVM2070) offers the ultimate in cooking style and convenience.

- Sleek, integrated appearance includes a vent and touchscreen that are visible only when in use.
- GE's new dual-distribution cooking system delivers exceptional reheating and defrosting results.
- Two-rack, 2.0 cu. ft. interior offers the industry's largest usable capacity.\*

\*Among over-the-range ovens.

## Premium look for every homebuyer

GE Spacemaker® ovens offer a sleek, modern design that complements any décor.

- All new stainless steel appearance models create GE's largest stainless lineup ever!
- White, bisque and black models feature stylish, new tubular handle and control-panel graphics.

## A Century of Quality and Innovation

For more than a century, GE has been committed to producing innovative products that change the way people live. The result of thorough research and rigorous testing, GE appliances are designed for years of dependable performance. Today, the GE tradition of quality and innovation continues.
