EER, the Energy Efficiency Ratio, is the measure of energy efficiency for room air conditioners. Only models more than 20,000BTUs with the above features are used in this scale.

More efficient air conditioners cost less to operate.  
This model's estimated yearly operating cost is:

\$175

Based on a 1995 U.S. Government national average cost of 8.67¢ per kWh for electricity. Your actual operating cost will vary depending on your local utility rates and your use of the product.
