Dishwasher Feature Guide

Feature	Description
ActiveVent II	The air vent located in the control panel closes to seal in sound during the wash cycle, then opens to help speed the drying cycle.
Anti-bacteria Cycle-NSF Certified	Heats water to 160°. The National Sanitation Foundation has certified that the GE Profile™ dishwasher's Anti-bacteria cycle reduces 99.999% of the bacteria found on dishes.
Auto HotStart™	Preheats water temperature prior to main wash cycle when inlet water temperature is below 120°.
Contoured Door	A gracefully contoured door with no access panel and smooth, inlaid light-touch electronic controls. Available on GE Profile™ models.
CustomStyle™ Dishwashers	A full-length flat door with no access panel and smooth, inlaid controls provide an integrated, flush appearance. A optional panel kit is available to accommodate a custom 1/4" or 3/4" cabinet panel.
Dual Pumps and Motors	The main pump and motor continuously distribute wash water while the secondary pump and motor purge residual food soils and wash water during drains. This ensures a clean water fill every time.
ExtraClean™ Sensor	Continually monitors every cycle and adjusts for water soil content, water temperature, wash cycle length and the amount of water needed to clean dishes efficiently.
ExtraClean™ Wash System	Features three direct-feed wash arms that provide six levels of washing action.
ExtraFine™ Helix Flow Filter	Removes food particles as small as 1/100th of an inch.
ExtraShelf:	Provides flexibility for loading odd-sized items, such as creamers and custard cups, in the lower rack.
PowerScrub™ Wash System	Has wash arms mounted on top and lower levels, plus a spray tower in the middle.
QuietDesign™ Sound Insulation Package	Thinstall™ insulation wrap on top, sides and door combined with a QuietPower motor and sealed toe kick.
QuietPower™ I Sound Insulation Package	Thinstall insulation wrap on top, sides, door and rear combined with a QuietPower motor and sealed toe kick.
QuietPower II Sound Insulation Package	Thinstall insulation wrap on top, sides, door, rear combined with a toe kick and access panel. QuietPower motor, sealed toe kick and door mastic.
QuietPower IV Sound Insulation Package	Features Thinstall insulation around the top, sides and rear of the dishwasher and inside the door; a steel inner door; tub and door mastic that helps deaden sound and a PermaTuf tub and door liner
Tall-Over-Tall™ Rack Design	Accommodates tall items such as large baking pans, stock pots and tall glasses.
TriClean™ Wash System	Includes three wash arms, triple water filtration with dual pumps and the Piranha™ hard food disposer.

Why buy GE at The Great Indoors?

Great Selection

Appliances today can be as much a fashion statement as cabinetry. That's why we offer you such a great assortment at such great prices.

Delivery and Installation

We offer convenient delivery and can professionally install everything we sell...and no job is too big or small.

In-Store Experts

Whether you are ready to buy or just gathering information, our helpful staff is always available to walk you through any decision.

Kitchen Designers

A new appliance can affect your kitchen's character—look to our talented designers to help you bring it all together.

Price Promise

We guarantee competitive low prices every day or you will receive 110% of the difference.*

*If you find a lower price on an identical item at any local competitor, bring us their ad or price quote before or within 30 days of your purchase and we'll give you 110% of the difference. See store associate for details. Offer good only on available product of the same brand and model. Price promise does not include special financing, installation, delivery, rebates, free or bonus offers, builder/contractor discounts, or other limited quantity promotions.
