GE Profile Arctica® and GE® Bottom-Freezer Refrigerators

The Ultimate in Refrigeration.
Rethought. Reinvented. *Revolutionized.*

imagination at work

A close-up, high-angle photograph of a stainless steel refrigerator. The image shows the top edge of the door, the side panel, and a portion of the handle. The stainless steel has a brushed finish and reflects light, creating a gleaming effect. The lines of the refrigerator are sharp and modern.

Stainless steel wraps the door, side panels and top in stainless steel for the gleaming appearance of a professional kitchen.

What's new for 2004.

GE Profile™ has contemporary style all wrapped up.

Polished beauty that's a wonderful reflection of good taste.

- A smooth, **high-gloss finish** creates a look that's rich and lustrous to suit virtually any taste and personal style.
- The glossy finish is available in popular colors of **white and black**.

Water, where you want it.

- Conveniently located inside the fresh food compartment, the new **internal water dispenser** puts refreshing water well within reach.
- Consumers can enjoy the benefits of bottled water without the bottled water expense.
- **SmartWater™ filtration system** delivers clean, fresh-tasting water through the internal water dispenser.

A truly brilliant idea.

- Updated **BrightSpace™ interior** features GE Reveal™ lighting which filters out yellow rays, so it's crisper and cleaner than standard lights.
- Improved lighting makes finding what you're looking for **easier than ever**.

Feature gallery.

Rethought. Reinvented. *Revolutionized.*

Slide-out, spillproof glass shelves

Simplify loading, unloading and cleaning.

Internal water dispenser

Provides chilled, great tasting water on demand, from inside the refrigerator.

Adjustable temperature deli drawer

Provides a convenient, temperature-controlled environment for meats, cheeses and other favorite foods.

Adjustable ClearLook™ crispers

Provide the ideal storage environment for fruits and vegetables, with humidity controls and transparent fronts.

New!

Upfront electronic controls with digital temperature readout

Are precise and easy to use. Takes the guesswork out of selecting accurate temperatures.

ONLY GE HAS IT!

ClimateKeeper™ system

Combines upfront electronic touch controls, multiple electronic sensors and a multiframe air system to keep temperatures consistent and help keep foods fresh.

QuickSpace™ shelf

Quickly slides out of the way to make room for tall items.

ClearLook™ gallon door bins

Hold gallon-size containers with style and ease.

ShelfSaver™ beverage rack

Provides convenient storage for a 12-pack, two egg cartons or a 9"x 13" casserole dish.

ONLY GE HAS IT!

Contoured doors and sculptured handles

Gently contoured doors and GE handles offer a dramatic, kitchen-enhancing look.

BrightSpace™ interior

Offers flexible storage and 160 watts of GE Reveal™ lighting for easy viewing of refrigerator contents.

Fresh food first

Fresh food compartment offers full-access storage with full-width convenience.

The inside story.

Rethought. Reinvented. *Revolutionized.*

ENERGY STAR®-qualified

New!

Higher energy efficiency means lower utility bills. Our 20 and 22 cu. ft. models are 33% better than 2004 ENERGY STAR standards.

Deluxe quiet design

Significantly reduces operating noise, so the refrigerator doesn't intrude on dinner conversations.

NeverClean™ condenser

Condenser coils are encased and don't require cleaning in normal operating environments.

ONLY GE HAS IT!

FrostGuard™ technology

Reduces freezer burn by monitoring door openings and usage, defrosting only when needed.

Secure-Close door system

Engineered with an advanced hinge system that securely pulls the door shut, even after you release the handle.

ONLY GE HAS IT!

Multi-level Slide 'n Store™ system

Three full-extension baskets provide the ultimate usable freezer space. Each basket slides out independently of the other baskets, allowing easy loading and unloading.

ONLY GE HAS IT!

Integrated icemaker

Combines an icemaker and ice bin in one system to save space and hassle. The ice bin is integrated into the icemaker, not the freezer baskets, so cubes don't fall onto the freezer floor. It slides out with ease, providing ready access to ice.

GE SmartWater™ filtration

Provides 750 gallons of clean, fresh-tasting filtered ice and has a slim, spacesaving design.

Dare to compare.

GE Profile Arctica® and GE® bottom-freezer refrigerators.

The ultimate combination of food-preservation features.

Exclusive ClimateKeeper™ system

- Electronic controls with digital temperature readout are precise and easy to use.
- Multiple electronic sensors keep temperatures consistent and help preserve foods.
- Multiflow air tower distributes cool air evenly throughout the fresh food compartment.

New GE Profile™ and GE bottom-freezers are turning refrigeration upside down.

Dare to compare.

GE Profile Arctica® and GE® bottom-freezer refrigerators.

Integrated icemaker

- Innovative ice system integrates an icemaker and ice bin all in one.
- Slide-out ice bin provides easy access to clean, fresh-tasting filtered cubes.
- Ice bin is integrated into the icemaker, not the freezer baskets, so cubes don't fall onto the freezer floor.

All-in-one system gives consumers all the ice—and space—they need.

Multi-level Slide 'n Store™ system

- Three full-extension baskets maximize available storage space.
- Unique configuration allows easy access to all contents, without removing or rearranging items.
- Open wire design allows air movement and easy viewing of contents.
- Self-closing hinges automatically pull the drawer shut when it's within one inch of the closed position.

Competitive comparison—Freezer Capacity and Flexibility

	GE Profile	Amana	Kenmore	KitchenAid	Maytag	Whirlpool	LG	Samsung

The ultimate in freezer storage flexibility.

Show and tell.

GE Profile Arctica bottom-freezer refrigerators.

Internal water dispenser with SmartWater™ filtration

New!

- **Show** your customers the easy reach location of the internal, filtered water dispenser.
- **Tell** your customers how the filtered water dispenser delivers clean, fresh-tasting water with the slightest of touch.
 - Consumers can enjoy the benefits of bottled water without the bottled water expense.
 - The GE SmartWater 750 gallon/6 month filter can produce clean, fresh water for under 10¢ per gallon. Think of all the money (buying filtered water), time (to the grocery) and space (big gallon jugs taking up valuable fresh food compartment space) consumers save by using the GE SmartWater dispensing system!

Rethought. Reinvented. Revolutionized.

GE Profile Arctica® and GE® bottom-freezers are turning refrigeration upside down.

Thoughtful design and modern styling.

- Dramatic new looks include an ultramodern **stainless wrap** that drapes the doors, side panels and top with stainless steel for a spectacular sheen. **New!**
- A new **high-gloss finish** with its smooth, rich texture is truly radiant in black or white. **New!**
- **BrightSpace™ interior** now features **GE Reveal™ lighting** to fully illuminate the interior in pure, whiter light. **New!**
- Gently contoured doors with **sculptured Profile™ handles** add a designer touch to enhance a kitchen's beauty.

ClimateKeeper™ system—provides maximum freshness.

- **Upfront digital controls** with temperature readout are precise and easy to use.
- **Multiple electronic sensors** for more consistent temperature control.
- Innovative **multiflow air system** helps keep food fresh by maintaining even cooling.

Bottom-freezer convenience puts fresh food first.

- GE SmartWater™ filtration provides clean, fresh-tasting, filtered ice while the new **internal water dispenser** offers the extra convenience of filtered water from inside the refrigerator. **New!**
- Fresh food compartment is uniquely configured to put favorite foods within convenient reach.
 - **Slide-out, spillproof shelving system** simplifies loading, unloading and cleaning.
 - **Adjustable gallon-door storage** offers added storage flexibility.
 - **ShelfSaver™ beverage rack** provides convenient storage for a 12-pack, two egg cartons or a 9" x 13" casserole dish.
- **Multi-level Slide 'n Store™ system** includes three full-extension baskets, providing the ultimate in freezer storage flexibility.

Bottom-Freezer Refrigerators

Total volume and shelf area are calculated by the Association of Home Appliance Manufacturers' standards.

Listed by Underwriters Laboratories

New GE Profile Arctica® and GE® bottom-freezer refrigerators are turning refrigeration upside down.

A design for every kitchen. A place for everything.

- Interior design makes versatile use of every inch of storage space.
 - Slide-out, spillproof shelves and adjustable bins offer more flexibility, while making cleanup less time-consuming.
 - Multi-level Slide-n-Store™ system includes three full-extension baskets for complete storage convenience.
- GE Reveal™ lighting casts a clear, natural-looking glow throughout the refrigerator.

Exclusive ClimateKeeper™ system

- Exclusive ClimateKeeper™ system combines three elements to deliver excellent temperature management:
 - Upfront digital controls are precise and easy to use.
 - More electronic sensors than competitors' systems for more consistent temperature control.
 - Multiflow air system includes more vents for even cooling, everywhere.

More convenient features

- Internal water dispenser lets you enjoy the fresh taste of clean, filtered water—right from inside the refrigerator.

A Century of Quality and Innovation

For more than a century, GE has been committed to producing innovative products that change the way people live. The result of thorough research and rigorous testing, GE appliances are designed for years of dependable performance. Today, the GE tradition of quality and innovation continues.
